

SMALL GIFTS WORTH MILLIONS

FIELD TRIALING has always staked its future on those who love the sport and care about its perpetuation. Now, through the efforts and contributions of many, we have a financial fund dedicated to the preservation of field trailing and its associated wildlife.

THE 20TH CENTURY FUND of the Amateur Field Trial Clubs of America has grown over the past 20 years into a partner which members can turn to for financial help. Money granted to individual clubs can be used for ground and access efforts, development and maintenance projects and educational programs.

IMPROVEMENTS TO GROUNDS = GOOD RELATIONS

FIELD TRIALING has always been dependent on vast tracts of land and good relations with landowners, both public and private. There are many examples of how AFTCA members have used 20th Century Fund grants to make improvements to these grounds, thus strengthening these good relations while benefiting wildlife and improving the field trialing experience.

AS EACH OF US LOOKS FOR WAYS to give back to field trialing for all the enjoyment we've received, we need to look no further than the 20th Century Fund. Your support, through profits such as the annual Bird Dog Print program and a variety of giving plans, will help secure the future of field trialing. The small gifts of many will be worth millions for the good of all.

HELP SECURE THE FUTURE OF FIELD TRIALING

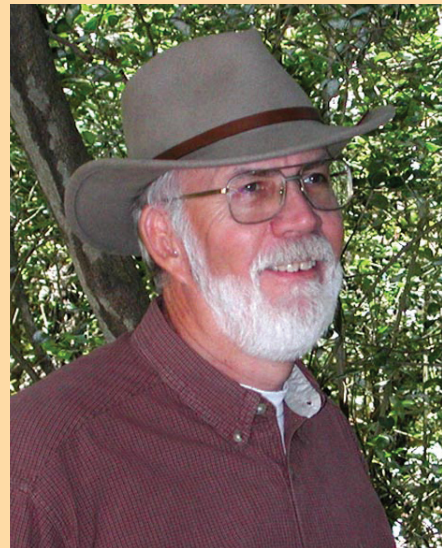

In this era of shrinking access to public lands and limited acreage available, the 20th Century Fund promotes the secure future of field trialing through grants to local clubs.

YOUR SUPPORT REALLY MAKES A DIFFERENCE!

Our Ability to have continuing field trial access for generations to come depends on the active role each of us plays in our local clubs and our national organization, Amateur Field Trail Clubs of America. Please make a tax-deductible gift today to the 20th Century Fund of the AFTCA. With your \$200 sponsorship (\$180 of which is tax deductible) you'll receive our annual limited edition of Bird Dog Prints.

HERB BOOTH

HERB BOOTH of Rockport, Texas, has been commissioned to create a series of ten Bird Dog Prints for the AFTCA 20th Century Fund. As a fine-arts painter who has chosen hunting and fishing scenes as his principal subjects, Booth is much in demand, working almost entirely on commissions. He has been recognized by Ducks Unlimited and The Wild Turkey Federation as a stamp and print artist of the year. In 1993 the Texas A&M University Press published *In The Sporting Tradition* featuring plates of Booth's works

with text by Michael McIntosh.

Booth's talent and craft have matured and flourished throughout his 30 years on the Texas Gulf Coast, where wildfowl and fish abound, and the South Texas brush country and bobwhite quail are nearby. Like 19th century artist John Martin Tracy before him, Herb Booth brings to his work a keen interest in field trialing...the dogs and their handlers, the judges and gallery, the birds and the magnificent grounds.

Each limited edition print will be reproduced on the finest quality art stock at a size of 30" x 27" and will be individually signed and numbered by the artist. Sponsors contributing \$200 to the 20th Century Fund will receive their own unframed print. An additional print will be given with each \$200 contribution. Besides being a fine addition to any home or office, Herb Booth's prints will make an outstanding gift or award for friends, club members, or anyone who appreciates the beauty and excitement of field trials.

THE ANNUAL BIRD DOG PRINT SPONSORSHIP PROGRAM

of the AFTCA 20th Century Fund is underwritten each year by individuals who make significant contributions to cover the cost of the original artwork and various program operating costs.
